A WebsiteAlive How-To Guide

Integrating WebsiteAlive Into SquareSpace

A WebsiteAlive How-To Guide

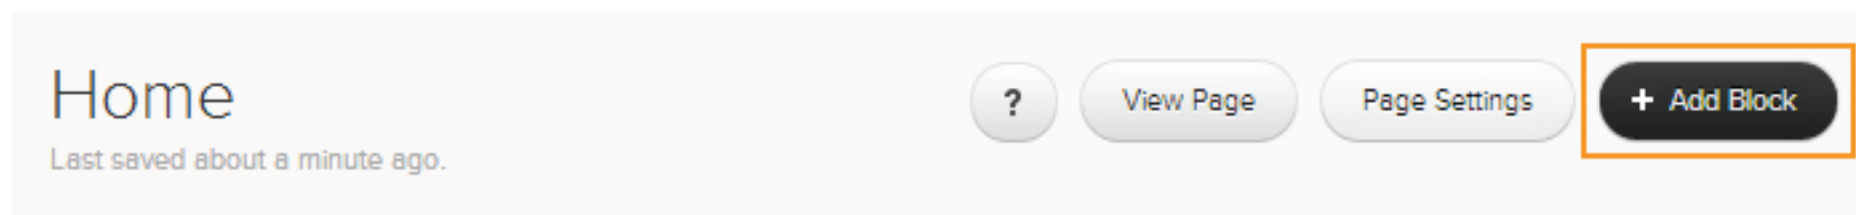

This document will help you integrate WebsiteAlive's software into your SquareSpace website.

- ▶ If you need further assistance, help or support, please feel free to visit us at www.websitealive.com for more information.

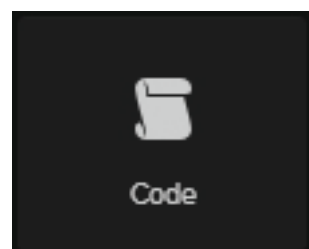

Adding the Chat Button to Your Web Pages

1. Login to your Squarespace account and find the page where you'd like to add the call-to-action button.

2. Click on **+Add Block**

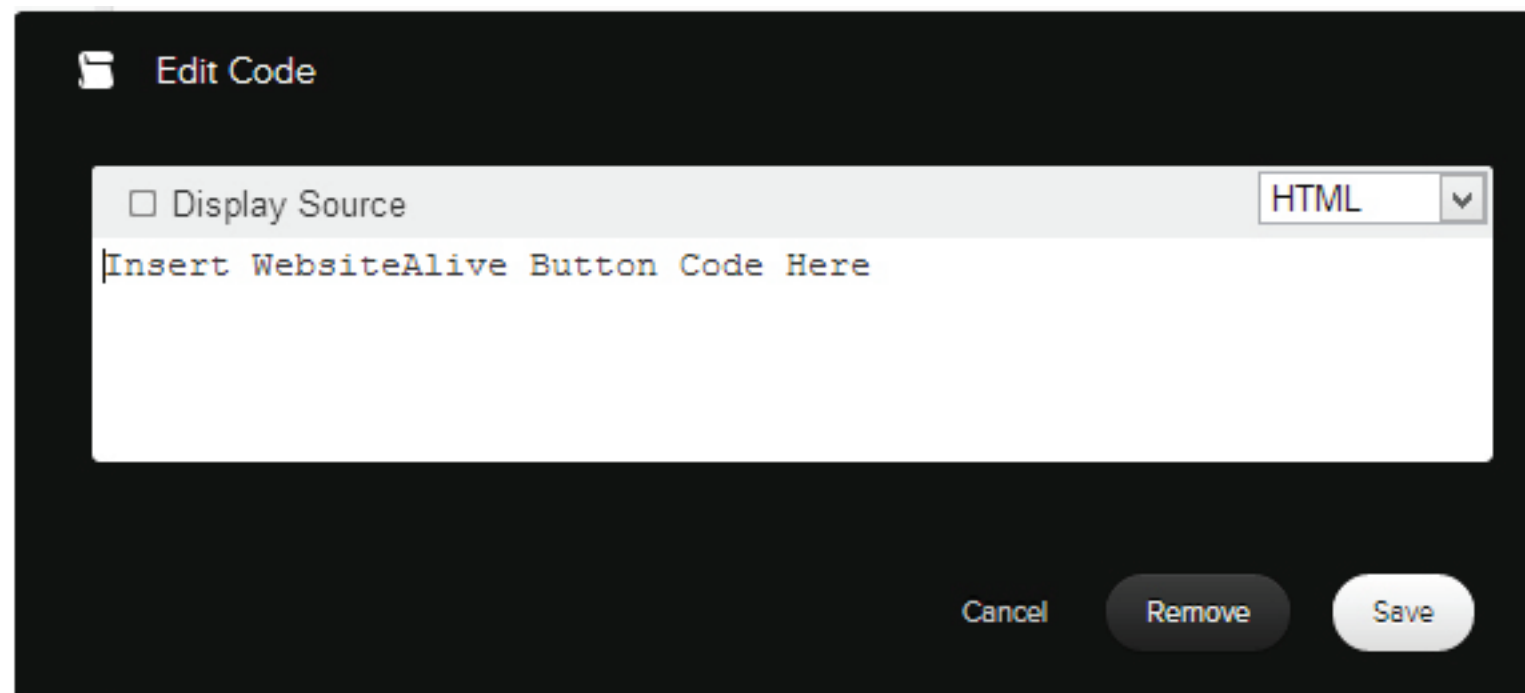

3. Click on **Code** from the selection menu.

Adding the Chat Button to Your Web Pages

4. Insert your button code in the field provided.

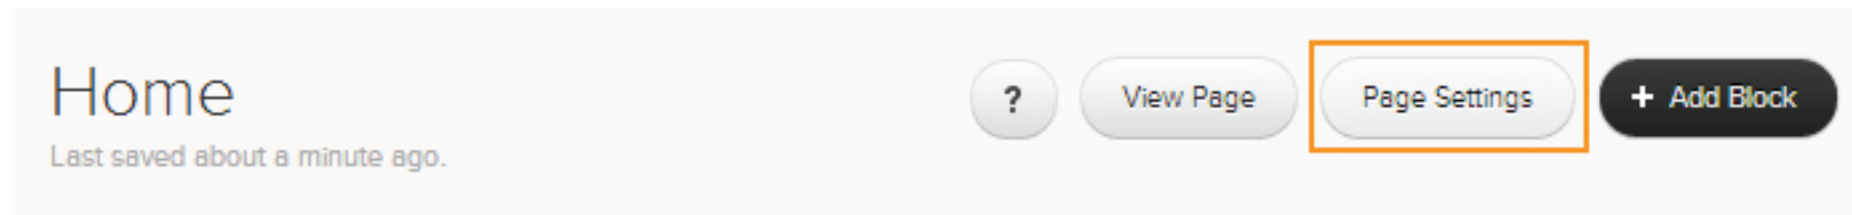

5. Click **Save**

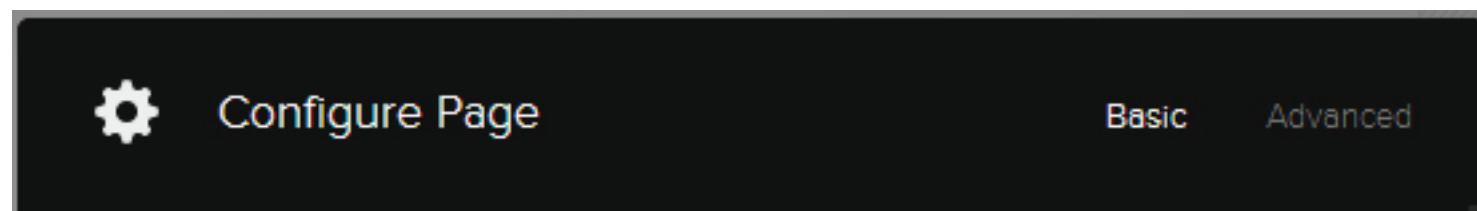

Adding the Tracking Code

1. Login to your SquareSpace account.

2. Click on **Page Settings**.

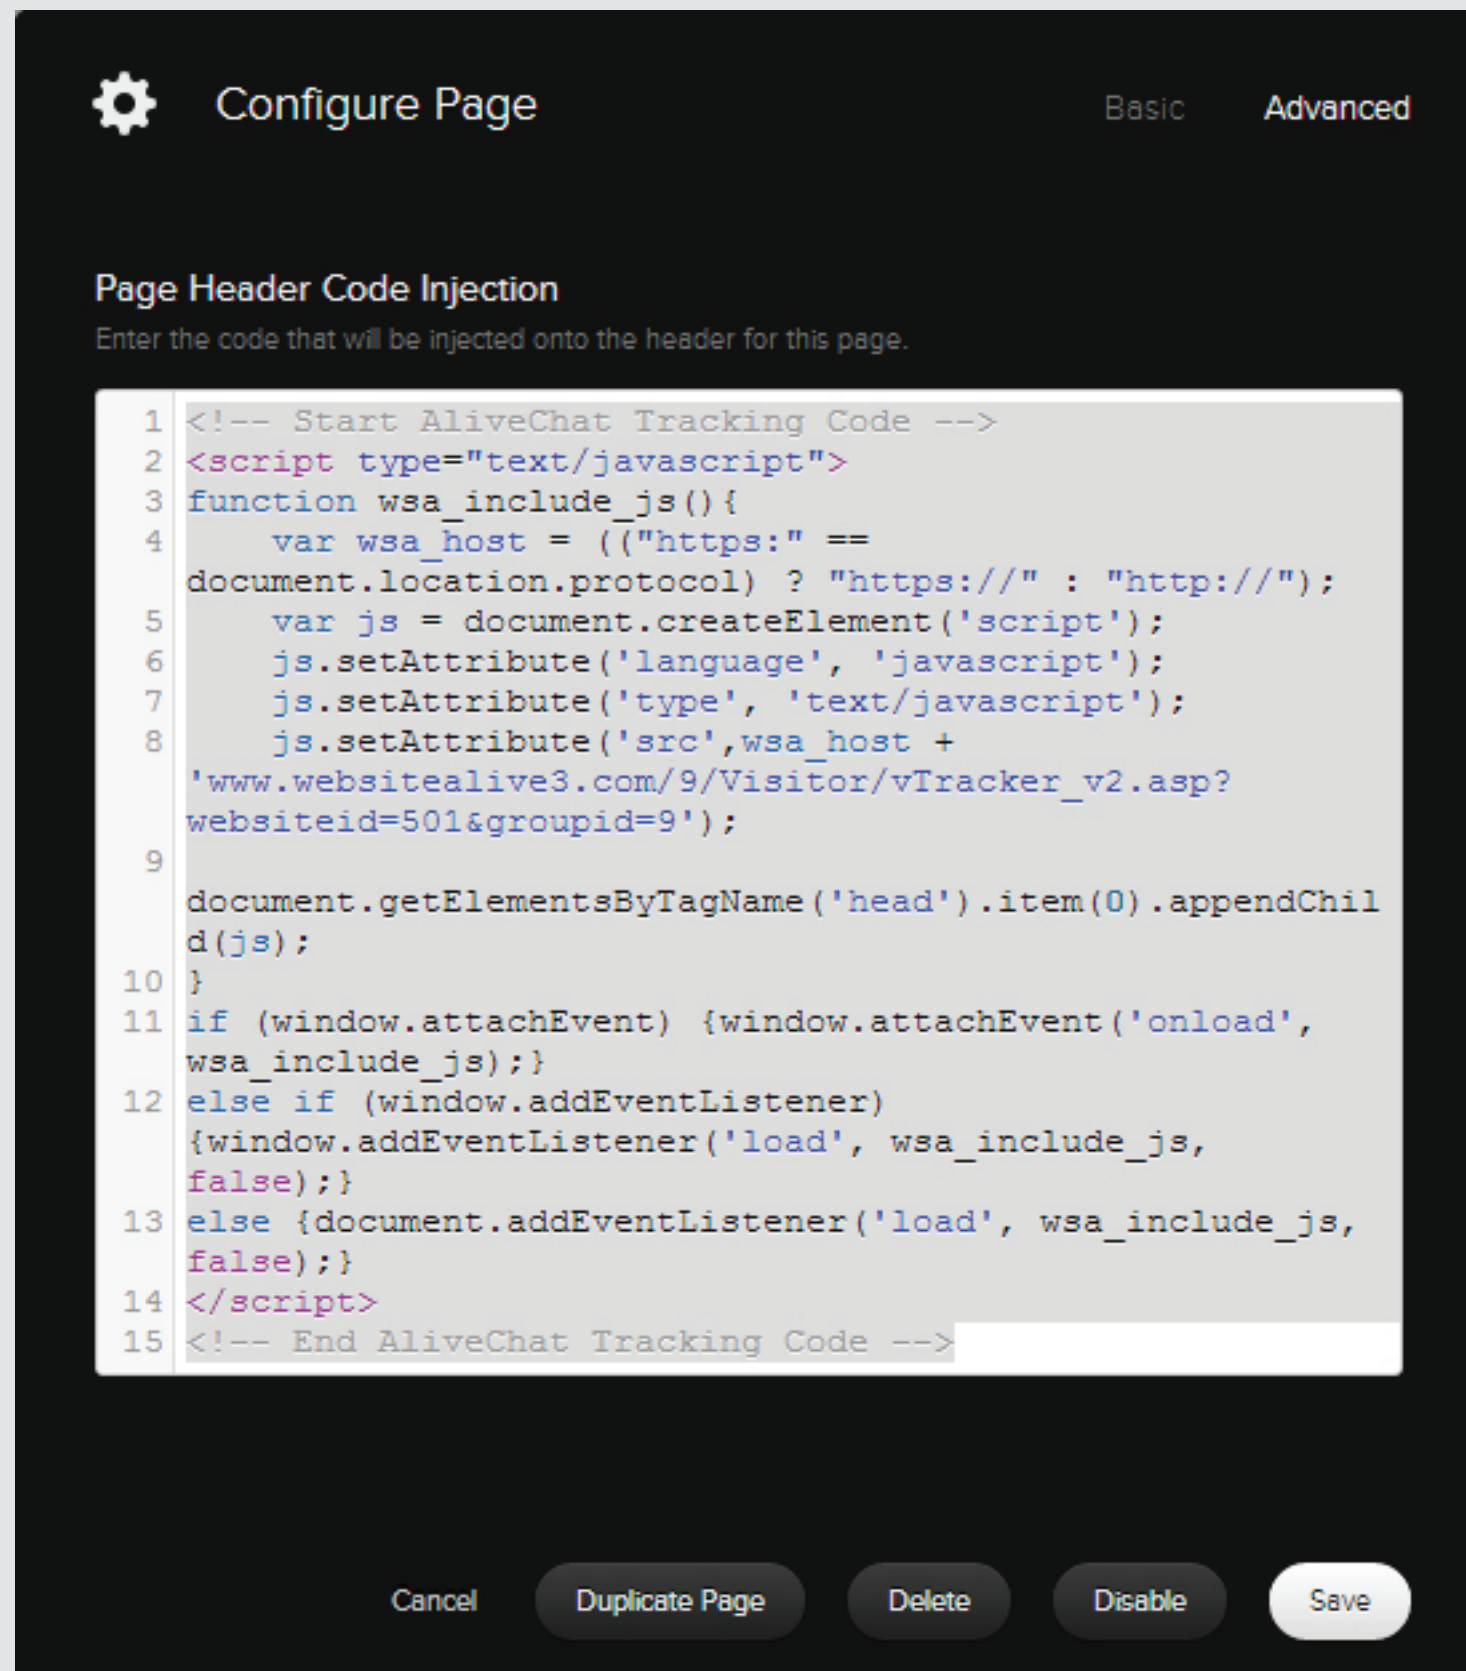

3. Click on **Advanced** in the top right corner of the panel.

Adding the Tracking Code

4. Insert your button code in the field provided.
5. Click **Save**.

The screenshot shows the 'Configure Page' interface with a dark theme. At the top, there is a gear icon, the title 'Configure Page', and two tabs: 'Basic' and 'Advanced'. Below this is the 'Page Header Code Injection' section, which includes a subtitle 'Enter the code that will be injected onto the header for this page.' and a code editor. The code editor contains the following JavaScript code:

```
1 <!-- Start AliveChat Tracking Code -->
2 <script type="text/javascript">
3 function wsa_include_js(){
4     var wsa_host = (("https:" ==
document.location.protocol) ? "https://" : "http://");
5     var js = document.createElement('script');
6     js.setAttribute('language', 'javascript');
7     js.setAttribute('type', 'text/javascript');
8     js.setAttribute('src', wsa_host +
'www.websitealive3.com/9/Visitor/vTracker_v2.asp?
websiteid=501&groupid=9');
9
document.getElementsByTagName('head').item(0).appendChil
d(js);
10 }
11 if (window.attachEvent) {window.attachEvent('onload',
wsa_include_js);}
12 else if (window.addEventListener)
{window.addEventListener('load', wsa_include_js,
false);}
13 else {document.addEventListener('load', wsa_include_js,
false);}
14 </script>
15 <!-- End AliveChat Tracking Code -->
```

At the bottom of the interface, there are five buttons: 'Cancel', 'Duplicate Page', 'Delete', 'Disable', and 'Save'.
